Dear Sir / Madam,

RE: PASSPORT RECOMMENDATION LETTER FOR APPLICANT N NAMES

This is in reference to the passport application of **APPLICANT NAMES**, a resident of **LOCATION** in Kampala District.

I confirm that I know **APPLICANT NAMES** for the last one year. I have known her right from the same place where he used to work from in **LOCATION**

About him, I would like to say that he is a very ‘clean person’ – has no issues with anyone in our society, well behaved and has never been involved in any type of anti-social activities. He is a nice person and also very social.

So, in my opinion, there should not be any problem for issuing him a passport, and I surely recommend him fit to be issued with one.

Regards,

.....
